

The Next Revolution in Frozen Drinks

The only Frozen Drink
Machine with a Twist!

Model DH10

This innovative freezer allows you to serve two separate flavors or swirl them together for a signature drink. Electro Freeze is the first and only manufacturer to offer this unique design.*

Dispensing Head

Clear and durable acrylic dispensing head creates visual appeal. Merchandising your signature drinks to your customers.

Construction

Sturdy angle iron frame, stainless steel mix hoppers, beaters and freezing cylinders.

Mix Level Indicator

Low mix lights automatically tell operator when mix is needed.

Unique Beater Design

Allows the operator to serve a consistent stackable drink.

Electronic Torque Monitor

Continuously monitors product thickness to produce the most consistent frozen product available.

Refrigeration

One H.P. low temp compressor for fast and efficient freeze-down and quick recovery.

Freezing Cylinders

Durable polished stainless steel, two 8 quart, foam insulated for maximum efficiency.

Mix Hoppers

Refrigerated, two 8 quart stainless steel hoppers for optimum performance.

Optional

Auto fill system for high volume applications.

* Patent Pending
